PROFILE

I'm Simran, a passionate Frontend Developer with a knack for creating intuitive and dynamic user experiences. I specialize in building modern web applications using React.js, Next.js, and Redux, with a focus on clean, maintainable code. Currently working at Dolcefrutti, I've honed my skills in building scalable e-commerce solutions, and I'm always excited to learn new technologies.

WORK EXPERIENCE

UnitedProviders
Front-end Developer   Jan 2024 - Present

- **Develop and maintain fully functional websites**, ensuring optimal performance and user experience across multiple devices and browsers.
- **Monitor and troubleshoot website functionality**, regularly checking for issues and implementing fixes to ensure seamless operation and user satisfaction
- **Create and manage social media content** by designing and sharing engaging posts on Facebook groups to promote the website and related services.

A Hamson Inc.
Front-end Developer - Internship   Jun 2023 - Nov 2023

- **Developed and enhanced UI/UX designs** for Hamson Company's existing HRMS, improving user interaction and experience.
- **Converted legacy HRIS code (HTML, CSS, JavaScript)** into a modern, scalable Next.js project, enhancing performance and maintainability.
- **Collaborated with cross-functional teams** to ensure design alignment and seamless integration of new features into the HRMS platform.

Robotics-World
React Developer - Internship   May 2023 - Aug 2023

- **Developed a responsive website using React and Material UI** for Robotics World Company, delivering a modern and efficient user interface.
